EXAMINER'S AMENDMENT

Election/Restrictions

1. This application is in condition for allowance except for the presence of claims 23-26 to invention non-elected without traverse. Accordingly, claims 23-26 have been cancelled.

Examiner's Amendment

2. The application has been amended as follows:

Claims 3, 4, and 5 have been amended to depend upon --claim 1-- rather than "claim 2".

The above obvious error was corrected by the examiner such that these claims would not depend from a canceled claim.

Statement Of Reasons For Allowance

3. The following is an examiner's statement of reasons for allowance:

Applicant's amendment to claim 1 incorporating the limitations concerning the spout sidewalls and their relative configuration during molding and cooling, in combination with the other claim limitations was not found or fairly suggested by the prior art.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Art Unit: 3754

Response to Arguments

4. Applicant's arguments filed 17 December 2003 have been fully considered and are persuasive. Applicant's arguments are consistent with the disclosure paragraphs 44-45. The sidewalls outwardly bulging upon molding results in mutually rectilinear and parallel sidewalls upon cooling. Thus obtaining the desired parallel sidewall configuration. This teaching was not explicitly found or fairly suggested by the prior art.

Conclusion

5. Any inquiry concerning this communication or earlier communications from the examiner should be directed to Kenneth Bomberg whose telephone number is (703) 308-2179.
